

current within the past two years. Benson was the star of the occasion. Though out of training he ran the 100 yards in 23 seconds, and also captured the 200 yards dash with a record of 53 seconds. The one mile and two mile bicycle race were both captured by Oane, an importation from abroad, time 3:39 and 7:21 respectively. All other records were below the average of merit.

Col. Robert Ingersoll lectured Monday evening in University hall on "Shakespeare," before an audience of over 2,000. The information was passed around during the day that the great orator would address the University Republican club after the lecture, but he failed to appear. Owing to a bad cold his voice was out of condition and would not permit of the extra labor.

The membership of the University Glee club has not yet been determined, and the result of the second examination now in progress will not be announced until next week. By the first of February the club will begin to fill engagements. Requests from local managers in the interior of the state for concerts immediately after Christmas are already coming in. The engagement at Chicago has been cancelled.

The Law Journal for November is out. The principal feature of the month is a discussion of the constitutionality of a protective tariff, the question as stated reading: "Has the federal government the constitutional power to levy duties on imports except for the purpose of revenue only?" Judge Cahill of Lansing takes the affirmative, the Hon. Thomas E. Barker of Jackson opposing.

The University School of Music has announced a series of lectures on topics kindred to the study of music to be delivered by various members of the university faculty. Among the lectures will be one on "Greek Music" by Prof. F. O. Rogers, "Songs of the Elizabethan Age," by Prof. Demmon, and others. November 10 occurs the faculty concert. Theodore Thomas orchestra has been secured for November 21. December 21 the Choral union will render the "Messiah."

#### FRAUDS IN BERKIN.

Democrats Have Already Commenced Underhand Means to Win.

BENTON HARBOR, Nov. 5.—Within the past twenty-four hours a bold scheme of the democrats came to light in Berkin county. They have had printed a lot of illegal election tickets, using the people's party as a party for the furtherance of the plot. Republicans are greatly incensed and will push the matter to the last degree to secure an honest ballot at the polls.

#### Will Investigate Trustee Kanitz.

MUSKOGEE, Nov. 5.—At last night's session of the board of education a sensation was sprung by Trustee Bunker, who introduced a resolution calling for an investigation of Trustee Louis Kanitz. The resolution recites that it has been charged for a long time in public and private that Mr. Kanitz has abused his position as a member of the board by voting on matters in which he was pecuniarily interested and in violation of the school charter. Trustee Bunker, Wilson and Nims were appointed to conduct the investigation, which Trustee Kanitz invites.

#### Saluted Death.

SAGINAW, Nov. 5.—Mr. and Mrs. Samuel Whitcomb, living near Flushing, left their little children with the latter's aged father, Michael Cummins, every night. The old gentleman got up after retiring and was walking around the room when the children awakened and asked him what was going on. He replied that he was going to die, and just then dropped dead from heart disease. The little ones watched by the corpse until morning, when their parents returned.

#### Midnight Murders at Holland.

HOLLAND, Nov. 5.—The hardware store of ex-Mayor E. Vanderveen was burglarized last night. The burglars obtained entrance through the back door. A number of revolvers and a box containing postage stamps were missing this morning.

#### Will Answer for His Crime.

ADRIAN, Nov. 5.—Frank Schneider, who attempted to criminally assault Mrs. E. Phelps in Cambridge township last September, has been captured in Brooklyn and brought here for trial. He waived preliminary examination and was bound over to the circuit court with bail at \$1,000.

#### Safe Blowing at Jonesville.

JONESVILLE, Nov. 5.—The office of Cook & Nash, lumber dealers, was entered by burglars last night, the safe blown open and the contents scattered about the room. As there was no money in the safe they had their trouble for nothing.

#### State News in Brief.

The St. Johns hunting party, consisting of George W. Emmons, Judge S. B. Daboll, A. O. Hunt, Fred and Frank Swan, Peter Hute, Stephen Rowell and Peter Moore, returned from their six weeks' hunting expedition in Alger county last Thursday morning. They secured twenty-four deer, one of which was a buck, shot by Peter Moore, the largest of any killed in that section for some time. It was thought it would weigh about 300 pounds. The party are disciplined like soldiers in the regular army, and are considered the best line hunters known to the sportsmen of this state. For this reason they have met with great success.—Clinton Independent.

It is said that a mechanic in an up town hardware store started to walk home the other night from a job in the country, and the rain and darkness caused him to lose his way, and he put in nineteen miles' travel before he reached his home. On his way he encountered a musk rat, and had to kill it or be bitten by the animal, and had to run the gauntlet of the night police when he got to Big Rapids. It was a night of bad luck for the man, and hereafter he will not attempt to walk long distances in a big storm.—Big Rapids Herald.

Attorney General Ellis is using the most corrupt and questionable method known to law down politics to secure his reelection. Even the democrats are ashamed of his methods. So strong is the feeling in this particular that the Charlotte Leader would not disgrace its columns with the mention of his name upon a recent visit to that town, and when the Leader will not whop it up for a man you may be very certain that he is totally unworthy of your vote.—Grand Lodge Republican.

Yesterday afternoon Dave Carlin dunned John Stang for 75 cents he owed. Stang refused to pay, and Dave, saying he would have to sue him, went out of town, knocking Stang down. Stang had Carlin arrested for assault and battery and taken before Justice Fuller, who assessed Carlin \$1.50 for the satisfaction he claimed to have received, and then Stang paid Carlin the

75 cents he owed him and peace reigned again.—Greenville Call.

It is said that a six weeks widower who resides near Wood's Corners, in this county, got in such a hurry to again enter into a matrimonial alliance that he took out a license without consulting the lady whose name appeared in the license. The result was that there was no wedding, but a tremendous big "horning bee."—Sarasota Local.

The boys did considerable damage about town Halloween. There is considerable feeling over the piece of incivility, and someone would suffer if it was found out who committed the deed. While the house wasn't good for much, the example is bad.—Elk Rapids Migrant's progress.

Last Sunday three prominent Dundee republicans went to Box, four miles distant, cut a pole from the woods of Mrs. F. Shaw and hauled it away to Dundee, three Box brothers assisting. It was raised on Monday, and now the owner of the timber demands \$25 apiece from the six trespassers.

Will Patrick of White Oak came to Stockbridge Saturday and filled up on whisky. When returning home he fell from the wagon, which proceeded homeward. Another wagon passed over him, and when Patrick came to his senses he found it necessary to sew on one of his ears.

Parish Fraser and George Young of Port Huron went quail hunting Thursday and separated in the woods. Young shot at what he thought was a quail and a howl of agony apprised him that he had shot young Fraser in his remaining eye. The boy will be blind for life.

The new church of the French Catholics in West Bay City, the Notre Dame congregation, will have a steeple 207 feet high, making it the highest tower in the Saginaw valley. The church will seat 1,045 on the ground floor and 250 in the gallery.

St. Joseph boasts of a haul of 3,000 pounds of trout made by one of their fish tugs the other day. This is small compared to the haul of 6,500 pounds made by Captain Kirby's tug, the Deer, of Grand Haven, Wednesday.

The Adrian common council is after the electric street railway company and the city council to adopt an ordinance compelling the company to run its cars on scheduled time instead of the go-as-you-please plan now in operation.

Muskegon lumber shipments for this season fall considerably short of the shipments in 1891. The total number of feet shipped in October, 1892, is 20,000, while for the same period in 1891 the footing is 34,000,000 feet.

Copper products for October: Quincy mine, 700 tons; Atlantic, 200 tons; Huron, 48 tons; Franklin, 177 tons. The decreased product of the Franklin is due to a broken shaft stopping the line one week ago.

Huldah Bates of Atlas died some time ago, leaving an estate valued at \$98,57. There were forty heirs. Six of them got 51 cents each, several \$3.03, and so on up to the last one, who got \$219.13.

Durand has a man that is built to wear. He fell thirty feet while trying to adjust an eave trough and struck on a stone pile. The stone was pulverized, but he came out with unbroken skin.

Lansburg is enjoying a quiet little boom all its own, and the only thing it needs to make citizens perfectly happy is a first-class newspaper to properly represent the town.

The Lansing high school library has just added 500 new volumes to its list. It is safe to say that "the chronicles of Mr. Bill Williams" is not among the number.

Rural editors note with sadness that wild geese are flying south, and once more offer to exchange subscriptions for cord wood.

West Bay City has lost a ship-yard that was to have located there, on account of the recent drop in lake freight rates.

A cow owned by a Holland man committed suicide by plunging into Black lake.

T. Wickes of Stanton shipped two carloads of cranberries to Chicago on Wednesday.

Benton Harbor is to have a \$20,000 cemetery. It costs money to die in St. Joe.

West Bay City clerks are agitating the early closing movement.

Muskegon is kicking on paying its election clerks \$5 per day.

Another tear of the L'Anse water-works—another failure.

South Bay City is to have a \$3,000 cash and blind factory.

James McDonald, a prominent citizen of Saginaw, is dead.

Adrian rejoices in a real estate boom. Ionia has an electric tower clock. Sargant has lost its tank.

#### SHE HAD HIS MEASURE.

And He Will Pass Her House by Next Time.

The tramp knocked at the kitchen door and the lady let him in, or rather opened the door and blocked his passage.

"What do you want?" she inquired harshly.

"A great many things, madam," he replied deferentially, "which I never expect to get, and in that respect I am the equal of the millionaire. However, that is another story. To return to your inquiry, propounded a few seconds ago, I should reply that I came to ask you who the people are residing in the house adjoining you on the right?"

"Is it any business of yours?" she inquired, preparing to shut the door.

"No, madam," he said more politely than ever, "but I had some curiosity to learn, being a stranger in your large and beautiful city."

This compliment to Detroit detained her a moment.

"Why do you want to know?" she ventured.

"Because, madam, the lady there, I am sure beyond the peradventure of a doubt, is the very loveliest woman my eyes ever rested upon—so rather, I may say, found only unrest upon—and she dresses in such dreadful taste that really it spoiled my appetite and I could not ask of her what I so much hungered for."

He bowed and smiled expectantly.

He had looked that way many a time and oft.

"Well," she replied so gently that he could almost taste pity, "nobody lives there and hasn't for three months. Being a stranger in the city, is there anything else you would like to know about?"

There might have been, but if there were the tramp didn't ask it. He actually blushed, and touching his hat he walked out, and taking himself around into the alley he administered thereto a kicking, interspersed with remarks derogatory to his own looks and complimentary to sharp Detroit women.—Detroit Free Press.

## HERE IS NEWS.

Just Now of the Utmost Importance.

And it Is Something That All Will Appreciate.

Because it Is an Honest and Outspoken Opinion.

"Rheumatism and neuralgia are perfectly curable," remarked one of our most eminent physicians in conversation with the writer. "The only thing necessary is to use the right remedy and use it persistently."

"But what is the right remedy, doctor?"

"Well, although a physician in practice, I must say that the best all round medicine for rheumatism and neuralgia—that is the remedy which will effect the most cures—is the discovery of Dr. Greene, known and sold in every drug store as Dr. Greene's Nervura blood and nerve remedy."

"I have cured many cases with it," continued the doctor, "and call to mind several remarkable restorations which have come under my direct observation, notably that of Mr. William Guckemus of 62 Clark street, Utica, N. Y. His was a terrible case. Why, he could hardly move in his bed, had terrible pains in his hip and back. His food would not digest, but would blot him up very much. He used Dr. Greene's Nervura blood and nerve remedy, and is now a perfectly well man. Mr. Guckemus is a very well known man in Utica, in fact has been foreman in the turning shop for twenty-four years, and consequently everybody knows him and his wonderful cure."

"And there was that remarkable cure of Mr. Michael Crowley," added the doctor, "who resides in New York City, at 74 Light street. He had rheumatism so bad that he could not walk, indeed, could not eat or sleep. Nothing seemed to relieve him until he procured Dr. Greene's Nervura blood and nerve remedy, and now he is a perfectly well man. He declares that this remedy saved his life, and that it is the most wonderful medicine in the world."

"A talented lady of my acquaintance, also Mrs. J. F. Cummings of 1363 Lorain street, Cleveland, Ohio, told me that she suffered fearfully with pain in her right side for four months. She was extremely nervous in addition and could not sleep nights. She received no relief whatever until she used Dr. Greene's Nervura blood and nerve remedy, and now she is well again."

"It certainly does cure rheumatism and neuralgia," wound up the doctor, "and I could go on indefinitely describing case after case among my patients where it has given almost instant relief and soon effected perfect cures. I pronounce it the great remedy for pains and aches and I prescribe and use it freely because I know it to be a purely vegetable and harmless medicine."

"No, we physicians do not class it among patent medicines because, as you must remember, it is the prescription of one of our best known and most successful doctors, the specialist in nervous and chronic diseases, Dr. Greene, of No. 35 West 14th street, New York. The doctor, in fact, endorses and recommends his valuable remedy in just such cases as those above stated and he can be consulted by anyone free of charge by calling at his office or writing."

## HOW MUCH? HOW MUCH?

A Dollar Saved is Decidedly a Dollar Earned.

HOW TO SAVE YOUR MONEY

Always Buy in the Cheapest Market—True in the Medical as Well as in the Commercial Sense—Think About It.

How much do you pay your doctor? Are you paying him more than five dollars a month for his services? If so, you are wasting good money, which you might as well save by going to Dr. Copeland and Graham.

These physicians are well known, charge until December 1st but five dollars a month to their patients. This includes consultation, examination, treatment and medicine. Such a low rate for first class medical treatment would seem incredible if it were not true. The reason is cheap, but the service is not cheap. Each of these physicians is a well trained, practical and experienced man. If this were not conceded the statements of cured patients published from week to week would prove it.

Dr. Copeland and Graham want every man, woman and child in this vicinity, who is suffering from any complaint whatever, to place his or her case in their hands. They desire especially to take those cases which have not been successfully treated by other physicians. With this low rate no one should neglect his physical welfare, as the cost of medical attention is less than would be paid under other physicians for drugstore. All medicines free.

Don't put off taking medical treatment. Take it now while you can get the benefit of this low rate.

## \$5 A MONTH.

THE ONLY FEE ASKED FOR MEDICAL SERVICE TILL DEC. 1.

Here is a Proposition as it Appeared Originally in These Columns—Read it and See What You Can Save.

To Our Friends and the Public:

Yielding to a general demand and for reasons previously given, we have decided to extend, until December 1, the offer made on the 1st of October to treat all diseases at the rate of five dollars a month.

This offer applies to all old patients resuming treatment, as well as to new patients, and is good from this date forward, until December 1st.

The high prices charged for medical treatment are so exorbitant that a move of this kind, though bold, is certain to bring beneficial results. We desire that everybody shall share in these results, and respectfully invite every one suffering from any chronic disease to call upon us, assuring them that positively no more will be asked or charged, and that this offer covers everything.

W. H. COPELAND, M. D.

W. T. GRAHAM, M. D.

November 1, 1892.

## MARVELOUS RESULTS.

A Complete Cure Where All Other Physicians Had Failed.

"I feel under lasting obligations to Drs. Copeland and Graham, and, with their consent, to publish this statement. I was in the condition of a man in a month, at an outlay of five dollars only. I have obtained what I had vainly spent hundreds of dollars for."

The speaker was Mr. Goldsmith, who resides at 115 Jefferson avenue.

His statement is particularly interesting as it not only shows a distinct form of catarrh and a phase of a disease that is exceedingly common and very painful, but discloses the difficulty experienced by others on treating the same and the expense of the individual in attempting to obtain a cure.
